Gloucester Sightseeing on foot

With your own tour guide

This lovely walk around Gloucester starts at St Michael's Tower at 11.30 am daily from Monday – Saturday from April until the end of September

- *The walk lasts approximately 1 hour 30 minutes*
- *This is a gentle walk with no steep sections*
- *It's suitable for the less mobile and for wheelchairs*
- *Public convenience available in the Tower and along the route*

We pass by many historic buildings

Gloucester has more historic buildings than York – it's just they're hidden away! Our tour guides will soon point them out to you.

Our city is rich in social history as you will discover along the route

You'll learn that Gloucester has had several famous sons and daughters who have not only changed the course of English History but world history too.

After the walk there will be plenty of eating places nearby where you can take lunch or have a coffee.
